

How to install the BriAn app on an Android device

1. On each device it will be slightly different but if you type 'BriAn bridge' into the search box on your Play Store on your device you should see the following:

Tap on "Accept & download". Wait for the message "Package successfully installed", or "Successfully installed Free BriAn Bridge Client".

2. To get started, click on the app

Please now refer to the guide "How to score with the BriAn app on an Android device".
